- 'Cloud' based phone system with queue facilities
- accuRx users
- Regular practice meetings

Ty Elli is a multi-disciplined Group Practice that occupies two premises, one in Llanelli Town Centre and the other on the Machynys coast. Both practices are approximately 5 miles from Swansea with just a 10-minute drive off the M4 motorway.

We are a dynamic forward-thinking Partnership that constantly aspires for improvement whilst welcoming new ideas.

We utilise a number of new technologies including accuRx messaging, Consultant Connect, teledermatology, digital dictation, OCR software to outsource SAR's and selected medical reports, plus many more

We employ a multi-disciplined team to complement our existing GP's. We value our team and remain positive about General Practice and the role it plays within the NHS.

We are looking for the right GP to complement our current team of experienced GP's. We welcome a GP who is as excited as us to face the future challenges of GP Practice by evolving, improving and embracing new ways of working.

GP's offer 15 min consultations. They have 12 x F2F appointments (split equally AM and PM), and 12 Phone consultations per day, 24 appointments in total. This set up, along with start/finish times are flexible to suit each individuals preference and needs.

The on-call is on rotation, that GP has 10 AM phone consultations and a Surgery not booked until 2pm for 'emergencies only.

Our feedback from medical students is consistently excellent. The teaching of students is something we value. We are aspiring to become involved in the GP VTS scheme and will support any GP with protected time to enable this.

You will benefit from our recently introduced private healthcare insurance policy, offered to all members of staff at no added cost.

We operate and continue to invest in a multi-disciplined environment. In addition, we have a strong committed Reception/Admin team led by a Practice Business Manager, Deputy Practice Manager, Office Manager, and Office Supervisor.

Our secretarial team manage all dictations and referrals, minimising GP workload and allowing them to focus on patient needs and GMS contractual work.

Our GP's do a minimal amount of paperwork due to us operating our clinical correspondence via our administration team.

We welcome portfolio GPs who only want to work on a part time basis. GPs with special interests are also encouraged to apply and we can accommodate focussed clinics, if appropriate.

We also welcome newly qualified GP's and can provide a supportive environment with a mentoring system already in place.

If you feel you are the right person to join our forward looking multi-disciplined team, please contact:

Mr Jamie O'Grady, Practice/Business Manager, Ty Elli Group Practice, Vauxhall, Llanelli, SA15 3BD. Direct line 01554 785800 Jamie.ogrady@wales.nhs.uk or,
Dr Alan Williams Alan.Williams3@wales.nhs.uk

The closing date is the 22nd April but may close earlier if we find the right person.
