

CHIRK SURGERY

GP Partner (s)

Chirk is a friendly, semi-rural progressive practice located in beautiful countryside in the Welsh Marches with easy access to Chester, Shrewsbury, Manchester and Snowdonia.

We are looking to replace retiring doctors and will consider up to 2 positions for a total of ten sessions from October 2021, with scope to increase in future. Finding the right person is more important to us than timing so the start date is negotiable. A candidate with a strong interest in training, lifestyle medicine, contraception, and with minor surgery skills, will be at an advantage.

8 partner rural GMS practice

List size 9850 patients

Democratic partnership which enjoys a good life/work balance

Further training practice – registrars, returners and medical students

QAIF high achievers

No Out of Hours, extended hours or weekend commitment required
